## What we're buzzing about this month

### DeFOUL Anti-fouling Paint Remover

■ At last—a product for “peel-off” bottom paint removal that actually works! Developed by Protocol Environmental Solutions, Inc., DeFOUL anti-fouling paint remover is an advanced, fully biodegradable, spray-on anti-fouling paint remover. Without damaging the underlying and expensive gel coat, it quickly and effectively removes anti-fouling paint and eliminates the need for costly sanding, blasting or “peel and strip” methods of removal. Simply spray DeFOUL onto a clean hull, wait and pressure wash off once the paint has started to lift.

DeFOUL minimizes the amount of waste and harmful impact to the environment; no airborne contaminants are created from sanding; and large amounts of waste generated by common “peel and strip” methods are avoided. The product is safe for use on fiberglass, aluminum, steel, and wood boat hulls, and it will not damage gel coats or epoxy barrier coatings.

DeFOUL is readily available to boatyards throughout the U.S. via distribution by Apex Marine in Fort Lauderdale, Florida. Not for private use. [apexmarinerepair.com](http://apexmarinerepair.com); [defoul.com](http://defoul.com)

## Play

### ■ Be safe—and stylish—in an emergency.

Ingenuity meets flair with Rescue Bands survival bracelets. They're high on fashion, and when deployed, can be used in situations requiring anything from tourniquet to tow rope, extend up to 20 feet, and hold up to 550 pounds. Rescue Bands come in a variety of **PLAY**ful colors and styles for women and men alike. MSRP \$8 to \$35. [rescuebands.com](http://rescuebands.com)

### ■ Ditch the hassle when launching your dinghy.

The new ProDav Swivel Davit System makes launching your dinghy a cinch—leaving you more time to **PLAY**. Its simple, compact, maintenance-free swivel design can be custom tailored to any boat or yacht. Available in black or white. MSRP starts at \$1,795. [prodav.net](http://prodav.net)
